GROWS HAIR ON HIS PATE

Gets Arrested in Process-Wants to Please His Bride.

Rochester, Minn., July 23 .- Because his bride was jokingly twitted by her friends for usving married a baldheaded bachelov, Emil Ruff is raising a crop of hair under circumstances that would turn gray the "wool" of an ordinary mortal. He has been arrested three times as a result of his efforts to cover the great bare spot. Ruff's pate was as barren as a billiard ball a few weeks ago. It is now concealed by a fuzzy growth, which th envy of his fellows.

Ruff is in the habit of walking ten to twenty miles at a stretch. When he began to go without a hat so that the sunshine and rain might propogate an expanse of hair on his bald head his troubles began. The place where the hair ought to grow became tanned to the browness of an autumn meadow, and his appearance caused a stir. An asylum for the insane is located here, and on three different occasions Ruff has been taken into custody in as many towns and accused of being an escaped lunatic. Ruff, who is manager of the local gas works, threatens to procure a card from the superintendent of the asylum stating that he is perfectly harmless,
